## Frequently Asked Questions:

**Q:** What is the structure for your birthday parties?

**A:** Our parties are 90 minutes long. The first 10 minutes is dedicated to free build. This allows for guests to roll in and get settled. Then, we will begin the instruction and guided activities with kids! This typically lasts around 50 minutes. This gives us the last 30 minutes for cake, delicious meal and goodie bags!

**Q:** Is Cake included in the birthday package?

**A:** No, Unfortunately not at the moment. You are welcome to bring your own cake for the party.

**Q:** Is Decoration included in the birthday package?

**A:** No, we are happy to coordinate with you to arrive 15 minutes before the party starts so you can decorate. We will also provide your assigned party room layout.

**Q:** What is required to book a party?

**A:** We require a \$75 non-refundable deposit in order to book. This deposit reserves the time and a birthday party facilitator for your chosen date and time.
